ABOUT ME

Passionate Full-Stack Developer focused on building clean, high-performance, and user-centric digital experiences. Skilled in blending technical precision with creative problem-solving, modern design principles, and AI-assisted development to deliver scalable, polished, and impactful products.

EDUCATION

DVR & Dr. HS MIC College of Technology (Autonomous), Kanchikacherla — Affiliated to JNTUK

Master of Computer Applications (MCA)

2024 – 2026 (Pursuing)

- Completed industry-focused training in Full Stack Web Development, covering React.js, Node.js, Express.js, MongoDB, and RESTful APIs.
- Acquired practical knowledge of Java Programming, Object-Oriented Programming (OOP), and Data Structures.
- Strengthened skills in Database Management Systems (DBMS), SQL query optimization, and database design.
- Gained hands-on experience in Web Technologies including HTML5, CSS3, JavaScript, and responsive design principles.

Gowtham Degree College, Vijayawada — Affiliated to Krishna University

Bachelor of Science (B.Sc.) in Computer Science

2021 – 2024 | CGPA: 7.6

- Built a strong foundation in Computer Science, programming, database management, and problem-solving.
- Developed analytical and quantitative skills through Mathematics and Statistics.
- Gained knowledge of software development concepts, data analysis, and computational thinking.

WORK EXPERIENCE

AI & Prompt Engineering Intern — Blackbuck Engineers Pvt. Ltd.

May 2025 – Jul 2025

120-Hour Short-Term Internship

- Completed hands-on training in Generative AI, Prompt Engineering, and ChatGPT-based applications.
- Developed and optimized prompts to improve AI-generated responses for various business and technical use cases.
- Explored practical applications of Large Language Models (LLMs), AI-assisted content generation, and workflow automation.
- Gained experience in designing, testing, and refining prompts to enhance output quality, accuracy, and efficiency.
- Collaborated on AI-driven problem-solving exercises and real-world case studies.

MERN Stack Developer (Frontend) — AOTMS (Academy Of Tech Masters), Freelance Project

Dec 2025 – Jan 2026

Team of 4

- Completed a real-world freelance project in collaboration with a cross-functional team, gathering and analyzing client requirements to design and deliver a scalable solution.
- Developed and implemented core features using the MERN stack, ensuring responsive UI, performance optimization, and cross-browser compatibility.
- Coordinated with team members using Git/GitHub, following best development practices, and delivered the project within the agreed timeline.

MERN Stack Developer (Frontend) — AOTMS Learning Management System Portal, Freelance Project

Feb 2026 – Apr 2026

Team of 4

- Architected and delivered a client-focused Learning Management System (LMS) supporting course lifecycle management, learner engagement, assessment workflows, and administrative operations.
- Translated business requirements into scalable software solutions while maintaining high standards of performance, usability, and system reliability.
- Collaborated with stakeholders throughout the development lifecycle, from requirement analysis to deployment and post-delivery enhancements.

Web App: www.aotms.com

ACHIEVEMENTS

- Won 3rd Prize in the Andhra Innovative Hackathon for building the LMS Portal.
- Completed the "How Software Teams Actually Work" professional development program by Frontlines Edutech Pvt. Ltd.
- CODE SPARK India 2025 — National-Level Coding & Innovation Hackathon Participant.
- Rise In & Build on Aptos — Certified Blockchain Bootcamp Graduate.
- Machine Learning Webinar Certification — GUVI & HCL.
- Winter School on Blockchain Technologies — IIT Madras (CYSTAR).

SKILLS

Technical: JavaScript, TypeScript, Python, React, Node.js, HTML, Tailwind CSS, MongoDB, PostgreSQL, Firebase, REST APIs, Git, Blockchain, LLM / Prompt Engineering, Machine Learning, UI/UX, Vibe Coding.

Professional: Positive attitude, time management, teamwork & collaboration, multitasking.
